Bulbs included

Cost

List and trade pricing are available upon request

Lamping

(3) 4.5w G9 LED bulbs
UL listed
Dimmable
1020 lumens total, 2700k

The McTavish Chandelier, named for the pioneering Australian surfboard shaper Bob McTavish, is one of two hand made mobile lighting fixtures offered under the umbrella of the Pisces Collection. These unique fixtures bring the energy and flow of the oceans into any project type.

For this collection, Andrea Claire, an avid surfer, was inspired by the shapes of waving kelp forests just below the surface of the ocean. The studio developed an intricate system of CNC cut tools to hand cast these unique shapes in 1/8" fiberglass and resin. All metal components are specifically designed for this collection and milled from solid brass.

In addition to the undulating fiberglass "U" shape, the McTavish has 1" diameter curving brass legs, three LED bulbs with three hand made white glass diffusers, one or two turned brass pods, and a fiberglass leaf. This fixture hangs from two stems and an 8" brass canopy. Stem lengths are customizable.

Brass comes in four finish options: Brushed Brass, Unlacquered Brass (note that unlacquered brass will change, naturally, over time), Antique Silver, and Tamarind Patina.

Fiberglass is offered in Satin Green color.
