

Description

Bamboo Single Pendants are single glowing bamboo shades made in sizes from 8” to 22”. They can hang as single elements, in groups, or in a row. They can be hung with a straight stem, or with a joint in the stem to give a kink.

The stem of the Pendant Series uses square brass tubes to conceal the wires and can be specified in length and finish. It has slight, almost imperceptible movement which keeps the piece pleasantly animated. The Pendant Series has many variations and is fully customizable.

Our unique mobile chandelier system can be configured into many variations, extended both vertically and horizontally. We work closely with our designers to explore what will work perfectly for their projects. Utilizing 3D models, full scale mock-ups, and finish samples, we develop the design until it is exactly what the space needs.

Materials

Bamboo
Brass

Dimensions

20”H x 18”L x 18”W
(51 x 46 L x 46 cm)
